

1. All you need to know!

Local Partners in Kingston & Richmond have responded to the statutory changes outlined in the Wood Review by refreshing our local partnership safeguarding children arrangements. These arrangements were published in June 2019 & came into full effect at the end of September 2019. Our multi-agency partnership arrangements are here:

4. Independent Scrutiny is vital to improving safeguarding & creating a learning culture. Our Independent Scrutineer is **Chris Robson** and this year we are considering Children Missing from Home & Care and Neglect as themes. Through a mixture of hearing from our local children & young people and their families, audits, learning hub presentations, and scrutiny of multi-agency data, we aim to keep children's lived experiences and outcomes at the top of our agenda.
