

1. The emotional health and well-being of children and young people is a growing concern both nationally & locally. We are keen to support anybody working with children and young people in Kingston and Richmond to be able to recognise & respond to the early signs & indicators of emotional distress. Suicide is the biggest killer of young people – male and female – under 35 in the UK.

2. Research has shown that open and honest conversations have helped save the lives of those considering suicide. Every year many thousands more attempt or contemplate suicide, harm themselves or suffer alone, afraid to speak openly about how they are feeling.

3. Call our local 24/7 Mental Health Support Line on 0800 028 8000 which offers emotional support & advice to people who are affected by urgent mental health issues. The line is open to children & adults of all ages & professionals. (South West London & St George's Mental Health NHS Trust)

7. Free Online Training here for volunteers and professionals:
Suicide Prevention: 20 minutes
<https://www.zerosuicidealliance.com/training/>
Self-Harm: 30 mins
